

Let's Make Art Choice Menu

Vincent Van Gogh

Be inspired by Vincent Van Gogh's Sunflowers. Go outside and draw something from nature. Try to look at the light and shadows in your frame. Add those shadows to create depth in your work.

Shadow Drawings

Get yourself outside! Find an interesting object in your house (toy or lego figure). Place it on the ground and draw the object's shadow. For an extra challenge, draw the object itself.

Color Wheel Fun

Can you find objects in your house from all of the colors of the rainbow? Arrange them in the right order and place them in a circle to make a color wheel. Red, orange, yellow, green, blue, violet.

Art History

Recreate a famous artwork with a family member. This is something people are doing all over the world right now. Check out some of the ideas here:

Interactive Drawing

Find items around your house and create an interactive drawing. How many things can you find? Take a photo when you are done.

Comic Book

Draw a comic book cover for an original character you create. It can be anything: a super animal, a made up person, a made up creature. How about one of the people that are helping us to stay safe in Abqaiq.

Invent an Animal

Think of three of your favorite animals. Now think of the parts of these animals that make them unique. For example: an elephant has a trunk, a squirrel has a bushy tail. Now put these parts together to create a unique animal. Give your animal a new name.

Wacky Hair Day Drawing

Draw a picture of you with wacky hair. Add all sorts of designs to make you extra unique.

Your Castle

If you could design your own castle, what would it be like? Draw your own castle, the inside and outside. Make sure to include some secret doors, passageways and a treasure room.
